Preferred Working Styles: Each of the following four pairs of statements are at different ends of a continuum that describes ways of working. For each pair, please put a mark on the line to show where along the continuum you see yourself fitting. It's okay to make slight changes in wording if it makes it truer for you.

I do my best when I have the opportunity to be creative and try new ideas, and dream of new possibilities.

I do best when I have specific, clearly defined tasks.

I do some of my best work in a group, working and planning together.

I do some of my best work on my own.

I am good at keeping records, taking notes, gathering and sorting information.

I am good at spontaneous activity, and creative thought and don't like to be bogged down in mundane details.

When there is work to be done, I prefer to take up-front leadership and assume responsibility and follow through

When there is work to be done, I prefer to work behind the scenes, doing my part conscientiously but not having to do much speaking or leading.
